

GOVERNMENT OF THE DISTRICT OF COLUMBIA  
DEPARTMENT OF GENERAL SERVICES

---

***Email below sent to Friendship Community via email on Nov 13, 2015***

*Good Evening Friendship “Turtle Park” Community,*

*Below is the November 2015 community update for the Friendship “Turtle Park” Modernization Project:*

- \* On Monday, November 30, 2015 the construction team will begin mobilizing on site, which includes installing a construction fence around the construction zone.*
- \* Hazmat Abatement work and relocation of the sewer line will commence and*
- \* Building Demolition will start once a Raze Permit is received. We anticipate receiving the raze permit by the end of this month (November 2015).*

*Once the construction fence is installed the playground, basketball and tennis courts will be off-line. We, DGS, are working with DPR to post signage next week at the site advising residents that the playground, tennis and basketball courts will be off-line beginning November 30 until the completion of the project. We will also provide a list of open playgrounds, tennis and basketball courts in the community that residents can use during the Friendship construction period.*

*Attached is a site logistics plan with details of the location of the construction zone and where the fence will be installed.*

*You have received this email because you have expressed interest in the*

*Friendship “Turtle Park” project. If you prefer not to receive the monthly email updates please let me know and I will remove you from my BCC Friendship “Turtle Park” global email group.*

*Feel free to share this project update with your neighbors, family and friends who may be interested in the Friendship project. Also if you have any questions or concerns related to the project please contact me and I’ll work with the project team to have then addressed.*

*Sincerely,*

*Jackie*
